red shield
protection plans

We cover **almost everything** with an engine!

Our **RED Shield Sport** protection plans are designed to protect your investment. A motorcycle, ATV/UTV, scooter, snowmobile, or personal watercraft is a major investment.

While it might be something you use recreationally—or as a primary source of transportation, it is important that your investment is **protected**.

While accidents happen, mechanical breakdowns are far more common. Why spend thousands of dollars repairing your craft, when you can have the peace of mind knowing that your investment is covered.

With a **RED Shield protection plan**, you have the peace of mind knowing that the investment you worked hard for will be covered when a covered mechanical breakdown occurs. One covered repair alone will pay for the cost of one of our protection plans! You also have the peace of mind knowing you are covered by a company that is insured by an "A" rated insurer, has an **"A+" rating with the Better Business Bureau**, and has a reputation for having the best customer and claims service in the industry.
